MASSAGES

Explore your senses Massage

Stimulate the nervous system through smell and direct contact with the skin.

To activate the senses, hot compresses are used that facilitate the vaporization of the essences and consequently a pleasant and relaxing atmosphere is produced.

Fives techniques in one massage

Feel the sensation of the hot stones together with the benefits of pressure points, Swedish massage, deep tissue massage and special stretching techniques and reflexology combined with the oil and essence of your choice to have a totally relaxed and radiant body.

Aroma essence massage

We use aromatic and therapeutic balms (Mint, Rosemary, Lavender) designed to balance and detoxify and revitalize the body, mind and soul, providing deep well-being.

Maya massage

Traditional massage which provides the greatest comfort and relaxation of all the muscles of the body, mainly focused on releasing stress and contractures of the back using wooden suction cups, bamboo sticks and ends with a spiritual cleanse with copal.

Leg rest massage

Massage designed to reduce discomfort in the legs as a result of a long walk, a hard day at work or poor circulation in the legs, resulting in a comfortable state of rest and softness on the skin.

Soulmate massage (Couple massage)

Choose any of the five types of massages to enjoy with your Soulmate

TREATMENTS

Dry Skin

Removes all dead skin cells. Ideal to obtain a spectacular suntan.

Body honey scrub

Envelops the skin with a sweet and golden caress of honey.

The crystals of hot honey act and melt into the skin, instantly restoring a soft texture to the skin.

After Sun

Helps with skin problems caused by overexposure to the sun.

Regenerative elements such as Aloe Vera, arnica and a touch of lavender are combined, which together with cold water provide a refreshing touch to the body to rehydrate the skin.
